

PRODUCT INFORMATION

PTO PI2101.0_GB

NEW PROFILE TUBE PAIRING 0vGA / 1K

The new 0vGA / 1k profile tube pairing was developed to reduce the clearance of the profile tube pairing in special applications and for applications with 1000 1/min.

- » 1k profile tubes are only used in combination with 0vGA
- » 1k profile tubes are only installed **straightened**
